

HAZMAT Radiocom

Communication System

- Simple interface between a portable radio and an AV-2000® facepiece
- Reduces garbled or lost transmission, which translates into greater safety
- Waterproof
- Can be mounted to all existing AV-2000 facepieces with a simple 1/4 turn universal mounting bracket
- PTT button is oversized for use with gloved hand, paddle and ring finger
- Unique power design which runs off the batteries in the user's radio
- Lightweight, weighs only 7 oz. (198g)
- Compatible with virtually all radios
